Dear Ms. Phillips:

I want to commend you for being selected one of the twenty Mississippi students selected by the Mississippi Economic Council this year to be "STAR Students." This is truly a great honor.

I was present at the luncheon last week when you were honored, and it was inspiring to see the immense number of achievements that each of you have compiled during your high school years. It must have given you a good feeling to know that you were being recognized for all of the effort that you have put forth.

I know that you will not stop with the honors that you have already won, but instead will go forth to ever greater achievements. I wish you well in that, and I congratulate you for the successes that you have already had.

Sincerely,
